

CVC Program Claiming MBS Guide

This is a guide only for a GP with a practice nurse to possible timing of appointments needed for the management of patients enrolled in the Coordinated Veterans' Care Program and the item numbers that may be claimed in this process. This guide is based on Coordinated Veterans' Care Program – A Guide for General Practice.

Please refer to MBS Online for complete details on claiming.

Visit No	Week	Billing	Duration of appointment	Care to perform	
1	Initial Appointment	721 - GPMP 723 – TCA (Only if AHPs have responded to request) 10997 - PN Item UPO1 – Initial payment for enrolling a person in the CVC program and having done all things necessary for the enrollment Note – from an administrative perspective it is better to complete both the GPMP and TCA on the same day. If this is not possible, complete the TCA ASAP to allow future reviews to be completed on the same day.	PN – 45 Min GP – 30 Min	PN Conduct Needs Assessment GPMP - Prepare comprehensive care plan Commence paperwork for TCA if required - Send AHP's letters. If they have responded, Item 723 can be claimed on same day. Deliver patient education (self-care, physical activity, diet, alcohol intake or smoking.) Provide patient with patient friendly care plan	GP Gain participant's informed consent GPMP – GP finalises comprehensive care plan TCA – GP reviews and signs off if AHP's have responded Consider the need for Social assistance
				Reminders Reminder for next appointment in 1-2 weeks Update CVC Checklist	Ongoing Care and Coordination Contact at least monthly, either by practice visit or phone PN to give feedback to GP about the participants condition (p 23 CVC Guide for General Practice)
